

Association of Women in Mathematical Physics (AWMP)

About us

- **History:** founded in 2023
- **Mission:** promote and support women in mathematical physics
- **Means:** establish a strong network and dedicated meeting spaces, foster diversity and equal opportunities for all

Activities

- **Awareness & Advocacy:** diversity reading groups, analysis of structural challenges in the field
- **Community & Networking:** monthly coffee meetings and gatherings at conferences for women in mathematical physics
- **Outreach & Visibility:** panel discussions and presentations at conferences
- **Mentoring & Career development:** sessions by experts on funding opportunities and career pathways in various countries
